ILLICIT WHISKY IN WESTMORELAND

INPECTAL TELEGRAM TO THE DISPATOR. SCOTTDALE, August 9 .- The Hungarians at Morewood refused to go to work this morning because they did not understand that the strike was settled. Hearing that the Alice and Bessemer works were running, they formed a howling mob of about 500 and started for these plants. The men at the Alice mines were warned in time and fled. Upon reaching the tipple the mob tore boards off, and started coal wagons down the slope to wreck them and block the entrance so that no coal could be hoisted. They then went to Bessemer, and on the way met John M. Dagton, who was riding in a buggy. He tried to persuade them to return to work. The infuriated mob overturned his buggy and beat and cut him so badly that his life is despaired of. The Huns reached Bessemer and went to the house of an old man named Gilhooley to look for the mine boss. Failing to find him there the old man was beaten and the windows of his house broken. A man named Love was also caught at the pit mouth and treated in the same manner.

They next made a descent upon the store, and after breaking the windows and doors in carried off all the bread and bologus they could find on the premises. By this time Secretary Watchorn arrived in company with James Keegan another of the leaders. Watchorn addressed them and finally succeeded in making them understand that the strike was over and

In their favor.

The Huns then retired to their homes. The operators and disinterested persons say that, but for the opportune arrival of Mr. Watchorn, the mob would not have left a vestige of the company's property standing, and much blood would have doubtless been shed. The whole affair was caused by a misunderstanding.

To night the scale, as signed, is being printed, and will be sent through the region. No further trouble is likely to occur. The English speaking miners are all satisfied with the settlement.

The leaders deeply deplore the unfortunate

outbreak, and will use every precaution to prenatures were received to-day, and telegrams sign as soon as they could get here to do so. A dispatch from Uniontown says: The set-tlement of the coke strike has not yet made tlement of the coke strike has not yet made any change in affairs in this end of the region. Although word of the settlement reached Schoonmaker's Redstone Works last night only seven men went into the mines this morning, and they came out again and joined the rest of the men, who professed to be waiting confirmation of the news. Some will not go to work until the scale is posted, and they see what they are to get. No start was made at the Leith or Beeson either.

The men who have been working at Fairchance and Kyle came out this morning, while a few at Oliphant who were working to keep the furnace going, will work on. None of the operators here have signed the scale, and they say they cannot start their works until they get orders for coke at a figure high enough to justify the wages the men demand.

justify the wages the men demand.

A dispatch from Connellsville says: Although
the strikers were granted an advance they do
hot seem to be satisfied in this locality. David-

son's, one of the Frick works, is the only mine in this immediate vicinity which started to-day. Between here and Uniontown, Youngstown is the only works which started this morning. Leisenring Nos. 1 and 3, south of here, also resumed, but at No, 2 the men did not go to work. not go to work. NOT ANXIOUS TO WORK.

The only reason that can be ascertained is that they just didn't want to. There is also considerable dissatisfaction among the miners. One of them said this afternoon that the men wanted to strike again on September I to secure 5 cents more per bushel. This may have been but idle talk. The works of the Cambria

been but idle talk. The works of the Cambria Iron Company, Wheeler Morrell, Mahoning and others have not started, but preparations are being made to resume on Monday.

The superintendent states that he has received no advice from the company's office at Johnstown, but thinks the scale will be signed. The smaller operators have intimated that they will sign the agreement. Some of them stated that they would sign any scale formulated at the conference last night, but as far as can be learned none have done so yet.

the conference last night, but as far as can be learned none have done so yet.

However, no trouble is anticipated in that quarter. When the news of the signing of the scale reached here last night, the men at Davidson would not believe it. Two couriers on horseback were sent to Scottdale, and even when they returned with the news confirmed it was scarcely credited, and this morning only about half the men went to work.

MOONSHINE WHISKY.

Three Stills are Doing a Good Business Westmoreland County.

ISPECIAL TELEGRAM TO THE DISPATCH. GREENSBURG, August 9.-Located in differ ent places in the mountainous district of West-moreland county there are three illicit distilleries in active operation. A year ago revenue officers made an effort to run them down, but their plans miscarried and since that time, especially within the last two months, the operators have assumed a boldness surprising ators have assumed a boldness surprising to those who have a positive knowledge of the existence of the distilleries. One of the 'moonshine' plants is located in a ravine on the ridge overlooking Derry, another is on Laurel Hill, in the southeastern part of the county, and the third is near the county line on a mountainous range near the mouth of Indian creek. Never can a stranger cross a certain line marked out by the operators, and to guard against intruders "spotters" are employed, and it is their duty to spirit away anyone whose curlosity leads them that way. These spotters live is huts, a mile or two from the plants, and are always armed with rifes. The spotters live is nuts, a mile or two from the plants, and are always armed with rifles.

The quality of the whisky manufactured is said to be fair, and its sale by the mode adopted is always sure. Agents are employed and the products of these stills are sold through the coke region. The miners are supplied wholly by agents, and the majority of them know that the liquor is illicit, but the cheapness of the article and the convenience afforded in its being delivered binds them in a degree to in its being delivered binds them in a degree to secrecy. Some of the farmers deliver rye to these agents, and the whisky made therefrom is delivered to them regularly and the price collected. It is believed an attempt will be made within

the next two weeks to arrest the operators, as revenue officers have met here in consultation regarding plans of procedure within the last ten days.

THE SWINDLERS ON TRIAL.

Strong Evidence Produced Against the Hitchcock Matrimonial Burens.

ISPECIAL TELEGRAM TO THE DISPATCH.] ERIE, August 9.-Seymour Hitchcock and wife, Sarah, of Meadville, who have been working the matrimonial scheme through the mails, have had a hearing before the Marshal. Daniel L. Barmere, a Chicago postoffice em-ploye, who had been victimized by the "widows" advertisement for a correspond-ent, etc., came on here and testified. Barmere had answered the advertisement, and in the course of time received a photograph from the widow, who said she was a member of the M. E. Church. He finally proposed and was ac-cepted; a number of presents followed, with a remittance to pay the "widow's" way to her future husband.

future husband.

At this juncture of the game Seymour Hitch-cock took up the correspondence. The matrimonial sharks worked their scheme in Delaware county, N. Y., before operating here. The woman has five small children. The hearing is still on.

A River Stenmer Burned.

SEPECIAL TELEGRAN TO THE DISPATCH. ZANESVILLE, O., August 9.—The steamer Van Meter was burned at Lowell, on the Muskingum river, south of this city, about 4 o'clock this morning. Captain Stowe, who was the only man on the boat at the time, narrowly escaped with his life. The fire is supposed to be of incendiary origin.

He Is Out of Business. PRECIAL TELEGRAM TO THE DISPATCH.1 CANTON, O., August S.-P. J. Schwalm, an old Pistsburg established grocery dealer, made an assignment to John C. Welty, Prosecuting Attorney. Liabilities between \$9,000 and and only in \$10,000, assets, \$5,000.

were taken out of the sand to-day. One was identified as that of Alexander Hamilton, Jr., a prominent resident of the town. It is very evident that there are yet a great many bodies to be found in the cellars and other places where there are piles of dirt. Notwithstanding this condition it is likely that the force of workmen employed by the State will be withdrawn, and if that is done there will be many bodies that are now only a few feet under the sand that will lie there until their bones are exposed by accident.

Under orders from the Governor the employes, to the number of about 80, who were under the immediate direction of the Sanitary Corps, will all be dismissed to-morrow, and only three or four men will be left on duty in the office of the State Board of Health. This turn of affairs is discouraging to Johnstown people, who had hoped to see enough men put to work to clean out all the cellars and take away the foul smelling rubbish everywhere.

Not much was done at the pay office to-day, although the clerks were ready to cash all orders presented. It begins to look as if it would be at least several weeks before the necessary data can be compiled which the State Commission will want to use in preparing a basis for the next distribution.

There are six cases of typhoid fever at the Red Cross Hospital. A large traveling satchel, packed with woman's clothing, was brought to the room where valuables are stored to-day. There was a Pennsylvania Railroad check No. 369 from Pittsburg to Philadelphia on it, and the name "Elizabeth M. Bryan" was stamped on an embroidered linen handkerchief.

AN UNUSUAL SUIT.

Action Brought Against a Liquor Dealer for the Less of an Arm.

ISPECIAL TELEGRAM TO THE DISPATCH. FRANKLIN, August 9.-Suit was entered in the courts here to-day by G. S. Veon, father of H. M. Veon, who lost a limb on the Valley road H. M. Veon, who lost a limb on the Valley road near Emlentown, on the 5th of July, against Patrick Creighton, proprietor of the St. Cloud Hotel, Emlentown, for \$5,000 damages, alleging that Creighton sold his boy the liquor that made him drunk and caused him to lose his arm. The young man's deposition was taken on Monday by R. W. Dunn, Esq., for the de-fendant, and Hon. J. H. Asmer, for the prose-cution.

oution.

At the time Veon lost his arm Samuel Shannon, of this city, was killed, and should Veon win his suit Mra. Shannon will also sue for \$10,000 for the loss of her boy's life. This is the first case of the kind ever brought before the courts here and the outcome of it is anxiously awaited.

WRECK ON THE RAIL.

CLARION, August 2.—An accident occurred on the Pittsburg and Western Railroad to-day. As the train had fairly got out of Edensburg the breaking of a lever rendered the air brake the breaking of a lever rendered the air brakes useless at a critical moment while rounding a curve. The train, excepting the engine, was thrown from the track and turned bottom upward. Most of the passengers were more or less braised, but none seriously.

R. P. Scott, of Butler, was cut on the head and had two ribs broken. Mrs. Jacob Fisher, of Butler, complained of injuries, and Mr. James Conley, of Shippensville, was cut on the eye and injured internally. An attorney named Johnson, from Pittsburg, received slight injuries.

ERIE, August 9. - The First Presby terian Church, of this city, called for their pastor Rev. H. C. Ross, of Ingersoil, Canada. Both pastor and people were delighted, but their delight was turned to disgust when they were notified that Rev. Ross' acceptance would be a violation of the contract labor law.

It was suggested that Rev. Ross be allowed to make a temporary arrangement to be continued. make a temporary arrangement to be continued at the will of both parties, but the authorities ruled that would be an evasion of the law that would not be allowed.

Our oldest child, now 6 years of age, when
an infant 6 months old was attacked with a
virulent, malignant skin disease. All ordinary
remedies failing, we called our family physician, who attempted to cure it; but it spread
with almost incredible rapidity, until the lower
portion of the little fellow's person, from the
middle of his back down to his knees, was one
solid rash, ugit, painful, blotched, and malicious. We had no rest at night, no peace by
day. Finally, we were advised to try the CUTIcura Remedies. The effect was simply
marvelous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he
had never been attacked. In my opin on, your
valuable remedies saved his life, and to-day he
is a strong, healthy child, perfectly well, no
repetition of the disease having ever occurred.

Blotches and Scabs from Head to Feet.

My boy, aged 9 years, has been troubled all his life with a very bad humor, which appeared all over his body in small red blotches, with a dry white scab on them. Last year he was worse than ever, being covered with scabs from the top of his head to his feet, and continually growing worse, although he had been treated by two physicians. As a last resort, I determined to try the CUTICURA REMEDIES, and an happy to say they did all that I could wish. Using them according to directions, the humor rapidly disappeared, leaving the skin fair and smooth, and performing a thorough cure. The CUTICURA REMEDIES are all you claim for them. They are worth their weight in gold to any one troubled as my boy was.

EPPS'S COCOA.

BREAKFAST.

By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and and by a careful application of the fine properties of well-selected Cocos, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maiadies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in half pound tins by Grocers, labeled thus:
